Summary:

Experienced creating animatics for motion graphics and animation for film & TV. As well as producing final edits for film, broadcast, and online. Incorporating a classic and effective visual storytelling aesthetic with a large emphasis on sound design to create driving and engaging edits.

Education:

Bachelors of Science Degree in Media Arts and Animation 2010

Work Experience:

Yu+Co 2017 - 2019

Worked in a fast-paced environment alongside small and large teams of designers & animators, as well as being self sufficient. Primary work consisted of creating animatics to achieve pacing and mood for the animators, making effective use of sourced and provided voice over, music, and sound effects. Additional work consisted of making final edits for film, TV, broadcast, commercial, and corporate clients.

LearnIT! 2014 - 2016

Produced effective and creative e-learning videos with a small team where communication was key. My involvement spanned from script writing & lesson building, live action filming, sound recording & editing, motion graphics, and final assembly of courses.
